Education

Indian Institute of Technology (IIT) Roorkee

B.Tech in Electrical Engineering — CGPA: 8.142

Aug. 2023 – Present

Roorkee, Uttarakhand

Rashtriya Sr. Sec. School — Class XII: 86.0 — Class X: 94.2

Experience

Mount Diggers Travels Private Limited

Nov 2024 – Jan 2025

Full-Stack Web Developer Intern

Live Website

- Architected, developed, and deployed a high-performance travel bookings platform from scratch, aligning features with the core brand identity.
- Designed responsive, mobile-first layouts for tour itineraries and integrated streamlined inquiry forms to enhance user engagement and lead generation.
- Collaborated closely with the CEO and product engineers to ship a stable production build under tight development sprints.

Projects

JudGit | *Next.js, TypeScript, Prisma, Inngest, RAG Pipelines, GitHub Webhooks*

GitHub | *Live*

- Built an automated code-review platform that listens to GitHub webhook events in real time and triggers AI-driven review workflows on every push
- Engineered a Retrieval-Augmented Generation (RAG) pipeline to ingest repository data and generate highly contextual, AI-driven code reviews.
- Implemented background job processing using Inngest for handling intensive AI tasks asynchronously, utilizing Prisma ORM for structured data management of users, repositories, and reviews.

SmartSolve | *Next.js, TypeScript, Appwrite, Vercel AI SDK*

GitHub | *Live*

- Developed a dynamic Q&A discussion platform supporting user authentication, voting mechanisms, and question tracking utilizing Appwrite backend services.
- Integrated an AI Helper Panel leveraging the Vercel AI SDK to stream real-time, context-specific answer suggestions and explanations to users.
- Designed scalable database collections for users, questions, comments, and votes to ensure fast data retrieval and state management across the UI.

Product Management Basecamp | *React, Node.js, Express, MongoDB*

GitHub | *Live*

- Built a MERN-stack project management platform featuring interactive Kanban boards and dynamic list views for real-time task tracking across collaborative workspaces.
- Engineered scalable REST APIs and MongoDB schemas to manage granular subtask hierarchies, project notes, and secure multipart file attachments using Multer.
- Implemented secure authentication and custom role-based permission middlewares to enforce strict access controls and validate member roles.

Technical Skills

Frontend: React, Next.js, Tailwind CSS, HTML/CSS

Backend: TypeScript, Node.js, Express, REST APIs

AI/Automation: Vercel AI SDK, RAG Pipelines, Pinecone, Inngest

Databases: PostgreSQL, MongoDB

Tools: Git, Vercel, Postman, Docker (basic), Appwrite, GitHub API/Webhooks

Positions of Responsibility

Institute Cultural Affairs Council

Aug 2025 – Present

Deputy General Secretary

IIT Roorkee

Cultural General Championship'26

Feb 2026 – Apr 2026

Convenor

IIT Roorkee

Himalayan Explorers Club

Aug 2025 – July 2026

Joint Secretary

IIT Roorkee
